

**Sixty-seventh Legislative Assembly of North Dakota
In Regular Session Commencing Tuesday, January 5, 2021**

SENATE BILL NO. 2091
(Energy and Natural Resources Committee)
(At the request of the Public Service Commission)

AN ACT to amend and reenact section 49-03-01.5 of the North Dakota Century Code, relating to an exclusion from the definition of public utility and rural electric cooperative.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 49-03-01.5 of the North Dakota Century Code is amended and reenacted as follows:

49-03-01.5. Definitions.

As used in sections 49-03-01 through 49-03-01.5:

1. "Electric provider" means either an electric public utility or a rural electric cooperative.
2. "Electric public utility" means a privately owned supplier of electricity offering to supply or supplying electricity to the general public. The term does not include a person that uses an electric vehicle charging station to resell electricity to the public if the reseller has procured electricity from an electric service provider that is authorized to engage in the retail sale of electricity within the service area in which the electric vehicle charging service is provided, and the resale is for the charging of electric vehicles exclusively.
3. "Electric transmission line" means facilities for conducting electric energy at a design voltage of one hundred fifteen kilovolts or greater phase to phase and more than one mile [1.61 kilometers] long.
4. "Electric transmission provider" means an owner or operator, other than a rural electric cooperative, of a transmission line the costs of which are recovered directly or indirectly through transmission charges to an electric public utility.
5. "Person" includes an individual, an electric public utility, a corporation, a limited liability company, an association, or a rural electric cooperative.
6. "Rural electric cooperative" includes any electric cooperative organized under chapter 10-13. An electric cooperative, composed of members as prescribed by law, shall not be deemed to be an electric public utility. The term does not include a person that uses an electric vehicle charging station to resell electricity to the public if the reseller has procured electricity from an electric service provider that is authorized to engage in the retail sale of electricity within the service area in which the electric vehicle charging service is provided, and the resale is for the charging of electric vehicles exclusively.
7. "Service area" means a defined geographic area containing existing or future service locations established by an agreement among electric providers and approved by the commission.
8. "Service area agreement" means an agreement between electric providers establishing service areas and designating service locations to be served by each provider under section 49-03-06.
9. "Service location" means the structures, facilities, or improvements on a parcel of real property to which electric service may be provided.
