15-72-02. Powers and duties of the board - Transfer.

The board of university and school lands shall set up a coal mine reclamation trust. The coal mine reclamation trust may receive and accept assets as directed by the public service commission which are held in the public service commission's custody under North Dakota Administrative Code section 69-05.2-12-04 as collateral in a security agreement with any person as defined in section 38-14.1-02. The commissioner of university and school lands shall consult with the public service commission in carrying out the powers and duties of administering the coal mine reclamation trust. Any expenses incurred by the board of university and school lands or the public service commission under this section must be reimbursed by the permit applicant or qualified third party.

1. Any person proposing to pledge assets to the public service commission's custody under North Dakota Administrative Code chapter 69-05.2-12 shall certify to the public service commission:

Any assets placed in the trust may be sold, leased, invested, managed, or otherwise disposed of by the board to fulfill the reclamation activities and obligations related to the performance bond. If any of the trust assets include real property, net income from the trust assets must be used in part to pay to the county where the real property is located the same amount that would have been assessed against the real property for real property taxes if the real property was privately owned. The board may maintain separate accounts in the trust if necessary. The board shall manage all assets in the trust in the same manner that the board manages the board's other trust assets or as otherwise may be required to satisfy the purposes of this chapter.
