The licensee may be ineligible for a compact privilege in any state until the specific time for removal has passed and all fines are paid.
6. If a home state license is encumbered, the licensee loses the compact privilege in any remote state until:
 - a. The home state license is no longer encumbered; and
 - b. Two years have elapsed from the date on which the home state license is no longer encumbered in accordance with subdivision a.

43-40.1-05. Obtaining a new home state license by virtue of compact privilege.

1. An occupational therapist or occupational therapy assistant may hold a home state license, which allows for compact privileges in member states, in only one member state at a time.
2. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving between two member states:
 - a. The occupational therapist or occupational therapy assistant shall file an application for obtaining a new home state license by virtue of a compact privilege, pay all applicable fees, and notify the current and new home state in accordance with applicable rules adopted by the commission.
 - b. Upon receipt of an application for obtaining a new home state license by virtue of compact privilege, the new home state shall verify the occupational therapist or

occupational therapy assistant meets the pertinent criteria outlined in section 43-40.1-04 through the data system, without need for primary source verification except for:

- (1) A federal bureau of investigation fingerprint-based criminal background check if not previously performed or updated pursuant to applicable rules adopted by the commission in accordance with Public Law 92-544;

 - e. The occupational therapist or the occupational therapy assistant shall pay all applicable fees to the new home state in order to be issued a new home state license.
3. If an occupational therapist or occupational therapy assistant changes primary state of residence by moving from a member state to a nonmember state, or from a nonmember state to a member state, the state criteria applies for issuance of a single-state license in the new state.
 4. Nothing in this compact shall interfere with a licensee's ability to hold a single-state license in multiple states. For the purposes of this compact, a licensee only may have one home state license.
 5. This compact does not affect the requirements established by a member state for the issuance of a single-state license.

43-40.1-06. Active duty military personnel or their spouses.

Active duty military personnel, or their spouses, shall designate a home state where the individual has a current license in good standing. The individual may retain the home state designation during the period the service member is on active duty. Subsequent to designating a home state, the individual only shall change their home state through application for licensure in the new state or through the process described in section 43-40.1-05.

43-40.1-07. Adverse actions.

1. A home state has exclusive power to impose adverse action against an occupational therapist's or occupational therapy assistant's license issued by the home state.
2. In addition to the other powers conferred by state law, a remote state may:
 - a. Take adverse action against an occupational therapist's or occupational therapy assistant's compact privilege within that member state.
 - b. Issue a subpoena for hearings and investigations that require the attendance and testimony of witnesses as well as the production of evidence. A subpoena issued by a licensing board in a member state for the attendance and testimony of witnesses or the production of evidence from another member state must be enforced in the latter state by any court of competent jurisdiction, according to the practice and procedure of that court applicable to subpoenas issued in proceedings pending before the court. The issuing

authority shall pay any witness fees, travel expenses, mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

3. For purposes of taking adverse action, the home state shall give the same priority and effect to reported conduct received from a member state as it would if the conduct had occurred within the home state. In so doing, the home state shall apply its own state laws to determine appropriate action.
4. The home state shall complete any pending investigation of an occupational therapist or occupational therapy assistant who changes primary state of residence during the course of the investigation. The home state, where the investigation was initiated may take appropriate action and shall promptly report the conclusion of the investigation to the occupational therapy compact commission data system. The occupational therapy compact commission data system administrator shall promptly notify the new home state of any adverse action.
5. A member state, if otherwise permitted by state law, may recover from the affected occupational therapist or occupational therapy assistant the cost of an investigation and disposition of a case resulting from any adverse action taken against that occupational therapist or occupational therapy assistant.
6. A member state may take adverse action based on the factual findings of the remote state, provided the member state follows its own procedures for taking the adverse action.
7. Joint investigations:
 - a. In addition to the authority granted to a member state by its respective state occupational therapy laws and regulations or other applicable state law, any member state may participate with other member states in joint investigations of licensees.
 - b. Member states shall share any investigative, litigation, or compliance materials in furtherance of any joint or individual investigation initiated under the compact.
8. If an adverse action is taken by the home state against an occupational therapist's or occupational therapy assistant's license, the occupational therapist's or occupational therapy assistant's compact privilege in all other member states must be deactivated until all encumbrances have been removed from the state license. All home state disciplinary orders that impose adverse action against an occupational therapist's or occupational therapy assistant's license must include a statement that the occupational therapist's or occupational therapy assistant's compact privilege is deactivated in all member states during the pendency of the order.
9. If a member state takes adverse action, the member state shall promptly notify the administrator of the data system. The administrator of the data system shall promptly notify the home state of any adverse action by a remote state.
10. This compact does not override a member state's decision that participation in an alternative program may be used in lieu of adverse action.

1. The compact member states hereby create and establish a joint public agency known as the occupational therapy compact commission.

 - d. Protect public health and safety.
14. The commission or an authorized committee of the commission may direct revisions to a previously adopted rule or amendment for purposes of correcting typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions must be posted on the website of the commission. The revision is subject to challenge by any individual for a period of thirty days after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A challenge must be made in writing and delivered to the chair of the commission before the end of the notice period. If a challenge is not made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect without the approval of the commission.

43-40.1-11. Oversight, dispute resolution, and enforcement.

1. Oversight.
 - a. The executive, legislative, and judicial branches of state government in each member state shall enforce this compact and take all actions necessary and appropriate to effectuate the compact's purposes and intent. The provisions of this compact and the rules adopted hereunder have standing as statutory law.
 - b. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities, or actions of the commission.
 - c. The commission is entitled to receive service of process in any such proceeding, and has standing to intervene in such a proceeding for all purposes. Failure to provide service of process to the commission renders a judgment or order void as to the commission, this compact, or adopted rules.
2. Default, technical assistance, and termination.
 - a. If the commission determines a member state has defaulted in the performance of its obligations or responsibilities under this compact or the adopted rules, the commission shall:
 - (1) Provide written notice to the defaulting state and other member states of the nature of the default, the proposed means of curing the default, and any other action to be taken by the commission; and
 - (2) Provide remedial training and specific technical assistance regarding the default.

- b. If a state in default fails to cure the default, the defaulting state may be terminated from the compact upon an affirmative vote of a majority of the member states, and all rights, privileges, and benefits conferred by this compact may be terminated on the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of default.
 - c. Termination of membership in the compact must be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate must be given by the commission to the governor, the majority and minority leaders of the defaulting state's legislature, and each of the member states.
 - d. A state that has been terminated is responsible for all assessments, obligations, and liabilities incurred through the effective date of termination, including obligations that extend beyond the effective date of termination.
 - e. The commission may not incur any costs related to a state that is found to be in default or has been terminated from the compact, unless agreed on in writing between the commission and the defaulting state.
 - f. The defaulting state may appeal the action of the commission by petitioning the United States district court for the District of Columbia or the federal district where the commission has its principal offices. The prevailing member must be awarded all costs of litigation, including reasonable attorney's fees.
3. Dispute resolution.
- a. Upon request by a member state, the commission shall attempt to resolve disputes related to the compact that arise among member states and between member and nonmember states.
 - b. The commission shall adopt a rule providing for both mediation and binding dispute resolution for disputes as appropriate.
4. Enforcement.
- a. The commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.
 - b. By majority vote, the commission may initiate legal action in the United States district court for the District of Columbia, or the federal district where the commission has its principal offices, against a member state in default to enforce compliance with the provisions of the compact and its rules and bylaws. The relief sought may include injunctive relief and damages. If judicial enforcement is necessary, the prevailing member must be awarded all costs of litigation, including reasonable attorney's fees.
 - c. The remedies herein are not the exclusive remedies of the commission. The commission may pursue any other remedies available under federal or state law.

43-40.1-12. Date of implementation of the interstate compact for occupational therapy practice and associated rules, withdrawal, and amendment.

- 1. The compact becomes effective on the date the compact statute is enacted into law in the tenth member state. The provisions, which become effective at that time, are limited to the powers granted to the commission relating to assembly and the adoption of rules. Thereafter, the commission shall meet and exercise rulemaking powers necessary to the implementation and administration of the compact.
- 2. Any state that joins the compact subsequent to the commission's initial adoption of the rules is subject to the rules as they exist on the date the compact becomes law in that state. Any rule

that has been previously adopted by the commission has the full force and effect of law on the day the compact becomes law in that state.

3. Any member state may withdraw from this compact by enacting a statute repealing the compact.
 - a. A member state's withdrawal may not take effect until six months after enactment of the repealing statute.
 - b. Withdrawal may not affect the continuing requirement of the withdrawing state's occupational therapy licensing board to comply with the investigative and adverse action reporting requirements of this compact before the effective date of withdrawal.
4. The compact may not be construed to invalidate or prevent any occupational therapy licensure agreement or other cooperative arrangement between a member state and a nonmember state which does not conflict with the provisions of this compact.
5. This compact may be amended by the member states. An amendment to this compact may not become effective and binding on any member state until the amendment is enacted into the laws of all member states.

43-40.1-13. Construction and severability.

This compact must be liberally construed to effectuate the purposes of the compact. The provisions of this compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any member state or of the United States or the applicability thereof to any government, agency, individual, or circumstance is held invalid, the validity of the remainder of this compact and the applicability of this compact to any government, agency, individual, or circumstance are not affected thereby. If this compact is held contrary to the constitution of any member state, the compact remains in full force and effect as to the remaining member states and in full force and effect as to the member state affected as to all severable matters.

43-40.1-14. Binding effect of compact and other laws.

1. A licensee providing occupational therapy in a remote state under the compact privilege shall function within the laws and regulations of the remote state.
2. This compact does not prevent the enforcement of any other law of a member state which is not inconsistent with the compact.
3. A law in a member state in conflict with the compact is superseded to the extent of the conflict.
4. Any lawful actions of the commission, including all rules and bylaws adopted by the commission, are binding on the member states.
5. All agreements between the commission and the member states are binding in accordance with the terms of the agreement.
6. If a provision of the compact exceeds the constitutional limits imposed on the legislature of any member state, the provision is ineffective to the extent of the conflict with the constitutional provision in question in that member state.
